1 **Petition to reinstate deleted classes**

Dear BYU Admissions Officer,

My 2017 summer term class, one credit of EC EN 699R, was canceled due to a failure to pay tuition. The tuition was to be payed by the Electical and Computer Engineering department. The money was allocated as a spring term scholarship instead of a summer term scholarship. The error was not corrected until it was too late, but it has now been fixed. I am petitioning that the class be added back to my schedule.

Thank you
Taylor Simons
